GRTU Troutfest TX

Testimonials

"I first heard about Troutfest from a good friend that resides in Texas. He spoke very highly of the event and thought we would be a perfect fit at Troutfest. As a fly shop, there are many events all around the country we can choose to attend. For us, its very important to collaborate with other likeminded individuals, businesses, and organizations. Upon some initial conversations and discovering the nationwide impact GRTU has had on fisheries, we decided it looked like a great event for us to be a part of. We do not attend very many fly fishing shows, but this has been our favorite, and the one we will commit to year after year.

Troutfest has been a great value not only to our business, conservation in general, but on a personal level as well. Many of the GRTU folks have turned into lifelong friends and we are grateful to be a part of such a large contingent of great people. As anglers we should all be concerned about cold, clean water. GRTU is not only the largest TU chapter in the country, but they are by far the most active as well. The best thing? All of the money raised at TF goes to TU, and the event is free for the public to attend. And lastly, the "Texas Hospitality" is no joke here. Everyone always goes the extra mile to make us feel at home.

Jon Easdon, Director of Services, Anglers Covey

"Every year the Blue Quill Angler participates in several consumer fishing shows across the United States. We understand the importance of hitting the road and building our brand, as well as, staying in touch with our existing customers. Troutfest is one of our favorite stops during the show season and allows us to do just that. Troutfest is small, intimate show that has something for everyone. The one thing I've really come to appreciate is all the activities for our youth because they are the future of our sport. From start to finish, Troutfest is a first class event...the attendees, exhibitors, GRTU members and leadership team, and the all-star lineup of celebrities are nothing short of excellent."

Pat Dorsey, Blue Quill Angler

"One of my favorite events I've ever been to. Excellent hospitality, great setting along the river, and a fun but hard-working group of folks raising money for a great cause. You guys rocked it. Can't wait to come back."

Testimonials

“Living Waters has been a part of GRTU Troutfest for years. Quite simply, it is an event that we can’t afford to miss! The chapter always does a fantastic job of putting on an incredible event, and this past year was one for the record books! I can’t imagine a better event that centers on conservation, community, and fly fishing as a whole. Every year we sell more than enough product to more than make it worth the time and money spent. In addition, we always book a substantial number of guide trips as a result of having a booth on site. Simply put, it’s a great event, run by quality people, that raises money for an even better cause! We highly recommend this event to any business looking for outreach opportunities within the greater fly fishing community.”

- Chris Johnson, Living Waters Fly Fishing

“Experiencing Troutfest TX as a professional woman of the fly was exceptional. The location, close proximity of the venues, lodging, campsites, and food made it very enjoyable for me and the attendees to relax, learn and share ideas, with a few fish stories thrown in, of course. They say everything is bigger and better in Texas and Troutfest TX was.”

“Had an absolute blast at this event! GRTU’s Troutfest TX was a huge success because of the folks that worked so hard putting on this event. Combine a great setting and venue to go along with dedicated folks and you have a very successful event. Proud and humbled to be a part of it. Hope to see you next year!!!”
