- Membership Update – Robilyn Petit
- Financial Update – Brad Garner
- Fisheries Report – Jimbo Roberts
- Conservation Report – Chris Johnson
- NLC Update – Joe Filer

Odom Wu, VP of Chapter Affairs to intro speaker

Guest Speaker: Pat Vanek

Pat has been fly fishing the Brazos river tailwater below Lake Whitney, as well as other central Texas and Hill Country rivers for over 30 years. Over those years, he has learned by spending countless hours on the water, how to successfully find and catch the bass, sunfish, smallmouth bass, carp, channel cats, drum and other species on the fly. They all make great targets to throw a fly at.

Currently when not guiding, fishing, hunting, or tying flies, he's home near Crawford with his wife and 18 year old triplets. Pat also served as the past treasurer and president for the The Waco Fly Fishing Club. He enjoys sharing his knowledge of fly fishing and tying with others, and teaching this great sport both on the water and off. He also enjoys giving fly fishing presentations to clubs and fly shops around the state and helping out with fly club or other local fly fishing and tying classes.

Topic: This presentation will focus on warmwater tips and tactics to successfully fly fish any Texas river or creek

Open Discussion (if needed)
